PROFILE

Solution-oriented Frontend Developer with a passion for building dynamic, user-focused web applications. Skilled in modern web technologies including HTML, CSS, JavaScript, and React. Known for developing responsive and cross-browser compatible interfaces, optimizing UI performance, and collaborating effectively in both remote and team-based environments. Proven ability to deliver clean, scalable code that enhances user experience.

SKILLS

- **Languages & Frameworks**: HTML, CSS, Tailwind CSS, JavaScript, React

- **Development Tools**: Git, GitHub, Chrome DevTools

- **Best Practices**: Responsive Design, UI Optimization, Cross-Browser Compatibility

- **Soft Skills**: Communication, Teamwork, Time Management, Problem Solving

- **Other Tools**: Microsoft Office, Google Workspace, Technical Writing

PROJECT HIGHLIGHT

React Song Manager App

- Built a responsive React-based song database application with features like song search, lyrics formatting, copy-to-clipboard, and local data persistence using localforage.
- Designed a clean user interface with Tailwind CSS and implemented effective state and modal management for seamless user interaction.
- Demonstrated problem-solving, component reusability, and attention to user experience.

PROFESSIONAL EXPERIENCE

Frontend Development Tutor
Attueyi Coding Academy, Enugu State
July 2024 – Present

- Mentored aspiring developers in React and web development fundamentals through hands-on instruction and project-based learning.
- Built customer-facing applications with students to reinforce real-world application of concepts.
- Collaborated with academy staff to brainstorm and implement curriculum enhancements.

Junior Frontend Developer
Daabo Technologies Solution Limited, Lagos State
April 2023 – July 2023

- Developed and maintained responsive dashboards and interfaces for client applications using HTML, CSS, JavaScript, and React.
- Focused on enhancing user experience through performance optimization and UI consistency.
- Worked in cross-functional teams and contributed to Agile workflows, reporting directly to the CTO.
